Subject: Re: Yakima Groundwater Report: Third Party Reviewers

Stephen,

We are developing the final report for the Yakima project and wanted to see if you were okay with being acknowledged as a third party reviewer of the report?

Hope all is well. We are hoping to get the final report out in May.

Thanks.

Michael,

Attached is our review of the subject report. Also attached is the McMahon et al (2008) article cited. Thank you for the opportunity to review this very interesting study.

Steve
